Funding information:

Funding Year: 2005
FRNs: 1339634
Form 471 #: 483421
BEN: 123299
Entity Name: Lenape Regional High School District

The district submitted FRN 1339634 for funding of the eBoard Web hosting service. The FRN was approved. Without any notification to the applicant that review of the FRN had been reopened, the district received a Notification of Commitment Adjustment Letter from USAC stating that the eBoard service had been found ineligible.

The district uses eBoard as a means to improve district staff communication with students and parents. For an example of how eBoard is used, see www.wslocum.lenape.site.eboard.com. The eBoard pages "provide a means for a school or library to display content on the Internet" as required by the Eligible Services List for 2005-2006. TekConnect, the company providing the eBoard service, hosts the pages, but does not create or modify content. The pages are created and modified by district staff only.

The eBoard service fully complies with the eligibility rules in the 2005-2006 Eligible Services List. The district asks that the FCC direct USAC to rescind the Commitment Adjustment and restore FRN 1339634 to full funding.

Since the district continues to use eBoard, we also ask that the FCC clarify that the eBoard service continues to be eligible under the eligibility rules for the 2006-2007 and 2007-2008 funding years.

Thank you for your attention to this matter.
